EXECUTIVE SUMMARY

Having 2 and half years of experience in IT Infrastructure as a Full stack developer on developing and hosting Web Applications, I take responsibility of developing responsive sites using HTML, CSS and JS along with latest frameworks and libraries like Reactjs, Redux, Angular7, Nodejs, Mongodb. As a good team player, I've developed websites using Reactjs(also Angular & Vuejs), Redux, Nodejs, Mongodb along with GraphQL from the scratch which includes all the authentication and core stuffs for a website.

PROGRAMMING SKILLS

- **Languages**: *HTML, JavaScript and Typescript*
- **Software Development Methodologies:** *Agile (Scrum)*
- **AWS:** *S3, Lambda.*
- **JS Frameworks:** *ReactJS with Redux, VueJS with Vuex, Angular, JQuery, NextJS, GatsbyJS.*
- **CSS Frameworks:** *Bootstrap, Material-ui for React, Semantic-ui React.*
- **APIs:** RESTful(NodeJS), GraphQL(Apollo), Google's Firebase.
- **DB:** *MongoDB*
- **Version Control:** *Git, Git Hub*
- **IDEs:** *Visual Studio Code*
- **Hosting platforms:** *Netlify, Heroku*
- **Content Management System:** *Contentful*
- **Testing Tools:** *Postman*

PROFESSIONAL EXPERIENCE

Junior Software Engineer   Feb 2019 – Present

Object Frontier Software, Chennai, India

- Used HTML,SCSS, JavaScript to build web applications and web services.
- Developed mobile friendly websites using React along with Redux for store management.
- Used Material-ui, Bootstrap for creating responsive sites.
- Created RESTful services using NodeJs and stored data on Mongodb using mongoose as ORM.
- Used React hook form for client-side validations and React router for navigations.
- Implemented JWT tokens and encryption for authentication on server side
- Participated in Knowledge building activities and incorporated it in everyday tasks.

Software Engineer Trainee   Sep 2018 – Feb 2019

Object Frontier Software, Chennai, India

- Trained in JavaScript, Object-oriented programming and frameworks like Angular and React.
- Built a full stack application using React as front-end, Node for RESTful API's and MongoDB using Mongoose ORM.

PERSONAL WORKS

- Constantly keep up-to-date with latest technologies and publish code on GitHub.
- My personal works: suseendhar.netlify.app/projects

EDUCATION

Bachelor of Engineering (Computer Science and Engineering)   Aug 2014 – Apr 2018

Rajalakshmi Engineering College, Chennai, India

ACHIEVEMENTS AND AWARDS

- Bagged First prize in Camlin District Arts competition.
- Received gold medal for Velammal National level science talent exam.
- Received proficiency for emerging as Academic topper.
